Online Dating Questions Not To Ask - Part 1

Dating online is one of the most popular activities for singles today. There is an easy quality about online dating. There are a few social rules you should remember when dating online however. Just because you are somewhat anonymous before you meet does not give you the right to ask inappropriate questions. Take a look at these online dating questions not to ask too soon.

Past Relationships

Never ask about past relationships too soon into your online dating experience. If your date wants to reveal this information, he or she will. However, if you pry too much you might end up disappointed in the answers you get or you may offend your date.

Plans For The Future

If you start asking about the future too soon, more often than not you are going to scare your date away. You may be interested in knowing if your date wants children some day or if they plan to move across the country next year. Imagine how you would feel is someone asked you when you planned on having children, on the first date. Chances are you would be completely freaked out! However, you will find those answers out in due time, if you feel a connection.
